Station Announcement

With pleasure we present you with our 1934 catalogue and wish to take this opportunity to thank all our many customers for their patronage in the past and hope to merit a share of it in the future.

Our stock the past season, as in the past, was beyond reproach, good growing conditions with a long season have produced strong healthy roots that should do well in any garden. Reports coming in from many parts of the country have been very gratifying.

We did very well at the shows the past season, besides winning the Achievement Medal with our SPOTLIGHT, we won 6 firsts, 8 seconds, 5 thirds and sweepstakes, 21 ribbons in all.

GUARANTEE—We guarantee all our stock to be true to name, properly labeled and to have a live eye or sprout. We ship at any time but prefer April and May. We exercise the greatest care to avoid mistakes and should any creep in we stand ready to adjust them to your entire satisfaction. Complete growing instructions will be enclosed with all orders.

TERMS and DELIVERY. Order your roots early, as all orders are reserved in rotation and a late order may mean a disappointment. A 25 per cent deposit will hold your order till shipping time, which will be from April 15 to May 15 unless otherwise ordered.

REMITTANCE—Stamps accepted up to \$2.00. P. O. Money Order, Bank Draft or registered letter is always safe. We pay the postage or express on all orders over \$2.00. No order sent C. O. D. unless 50 per cent of purchase price accompanies the order.

NAME and ADDRESS—Remember to write your name and address as plainly as possible. It is safer to print it.

VISIT OUR GARDENS—We are always pleased to receive visitors and our gardens will be a mass of bloom from early in August till frost takes them away, which is often late in November. We are located just two miles from the West Seattle bridge on the White Center road. Take street cars 1, 2, or 3 any where on First Avenue and transfer at the bridge to 24th Avenue bus and get off at Raymond. You are right at the gardens. In driving out take first turn left after passing the West Seattle bridge at White Center sign. The gardens are on your left. Signs will direct you.

All orders and communications should be addressed

J. E. Hulin

OUR 1934 INTRODUCTIONS

SPOTLIGHT

A new informal decorative of a most pleasing color: Sulphur yellow shading lighter at the tips, with nearly a white reverse.

Nice growing bush of compact formation with light green foliage, that seems to repel the insects much more than other insect free varieties.

The blooms are large and very full, ten to twelve inches, with an air tight center at all times. The blooms never shatter, all petals remaining till the flower is fully dead.

SPOTLIGHT is an early and constant bloomer. We picked our first blossom July 17th and the last was cut November 5th. It is a delight to see the bush in bloom.

Winner of American Home Achievement Medal at Seattle in a large class. Won first and Sweepstakes at the Washington State Dahlia Society at Tacoma. It also won as a yearling and a two-year-old.

The clumps are easily divided and produce an abundance of roots.

SPOTLIGHT is so good that we predict it will be grown long after other good ones are replaced.

See picture on cover.

Roots \$10.00 Net Plants \$5.00

POTLATCH

Informal Decorative, Grenadine red with backs of petals pinard yellow and many petals splashed with it. Compact bush of five feet holding the large blooms on long stems. The blossoms will average 8 and 9 inches and face the audience. A long row of this attracted a lot of attention in our garden.

Strong Roots \$5.00. No Plants.

DAINTY MISS

A very dainty new Pom of white with an overcast of pink and darker at the center. One of the nicest growing bushes we have ever seen and no dahlia blooms more freely. The 18th of July a visitor from Canada counted 98 blooms at one time on a plant grown bush.

Some of the blooms will show center at times but from the number of blooms this matters little. We have won with this Pom at every show we exhibited.

Roots \$0.75

WENOKA—F.D. A large rosy mauve on long stems that are stiff as broom handles. Winner of three blue ribbons as an infant. Watch for this next year.

New and Recent Introductions That Are an Addition to the Best of Gardens

ORIENTAL GLORY (Swartz-Lewman)—A most glorious informal decorative of a glowing, dazzling orange. A color that immediately catches the eye and draws you to it. The flowers will average 8 to 10 inches by 3 to 5 deep and produced in abundance.

ORIENTAL GLORY won a Certificate of Merit at Storrs with a score of 85. Won the American Home Achievement Medal at Dahlia Society of Indiana show, also two firsts and a second at other shows.

ORIENTAL GLORY will delight you with its nice habit of growth, being shapely and rugged, averaging 5½ to 7 feet with numerous laterals which produce many flowers on stiff strong stems at just the right angle, not on top and not on the side.

Persons who have grown this Dahlia call it the joy of the Dahlia Garden.

Strong Roots, each \$15.00. Plants \$7.50.

PAUL PFITZER—Cactus. A German introduction that was the center of attraction at the recent New York show, and a basket of these with Frau O. Bracht received a special award of merit as the best basket in the show. It is a straight cactus of a pleasing combination of shell pink and primrose yellow. This would make a wonderful addition to your cactus class. A medium size bush and lots of blooms. Roots \$3.50

LADY MOYRA PONSONBY (Elder).—Informal Decorative of a pure glowing yellow with long pointed petals. Winner of Achievement Medal in 1932 and American Dahlia Society Medal and Sweepstakes for the largest and best dahlia at Victoria. The bush is nice growing and the blooms, which will average ten inches, are held on long stiff stems. You should grow this. Roots..... 6.00

TACOMA BEAUTY (Lee). — Formal Decorative of the type of Jersey's Beauty but larger and of a deep salmon pink blending with strawberry pink and shading to gold at base of petals. A wonderful keeper and a good root producer. Winner of many prizes in the Northwest. Roots..... 5.00

FLORENCE LOUISE (Ostrander).—Semi-Cactus of a citron yellow with an overcast of lavender. A very large dahlia that never droops and freely produced on long stems. Staghorn petals. Winner of many prizes in the East. Silver Medal for largest bloom at Trenton, N. J., also many firsts as best in the seedling class. Roots..... 6.00

LOLA (Newsom).—A new shade of deepest orchid overlaid with a reddish cast. Petals are broad and nicely curled. Extra large flowers on long stiff stems. Medium tall bush and plenty of blooms. Roots 4.00

FAY BEATON (I. D.).—A new white from Canada. Here is a color that at once attracts, being a creamy white of most beautiful formation. The petals are long and pointed, the flowers averaging ten inches, are held at a nice angle above a medium size bush on long stiff stems. Never droops and never shows an open center. Roots..... 3.50

CARO NOME (Newsom).—New and most attractive informal decorative of rich rosy pink suffused lilac. The flowers are large and have great depth on long stiff stems. Medium tall bush and insect resistant	3.50
LONG HILL, I. D. —A seedling of Jane Cowl with a combination of gold and rose shadings with a yellow center. Strong grower and very free bloomer on long stiff stems. A good keeper and exhibition type	5.00
AIR-MAIL (Kanouse) I. D.—One of the finest lavender dahlias we have yet seen. Here is one of the best keepers on the market today and the stems are long and stiff holding the blooms nearly on top well out from the bush. Blooms will average nine inches with ordinary care. This dahlia won three firsts at Tacoma show and four at Western Washington Fair, best basket at both shows. Large stock permits this unusually low price of....	\$1.50

Following is a list of standard varieties that are an addition to any planting, having proved their worth in many gardens:

AMERICAN TRIUMPH (Cac.) — True Cactus of bright Oriental red. Good size flowers, deep and good keeping quality. Held erect on long stiff stems	\$0.50
AURORA, I. D. —Here is a color combination seldom seen in a dahlia, Apricot yellow tipped lavender. Large flowers on good stems keeping well when cut. A desirable number.....	1.00
AIKO, S. C. — Carmine red with silver reverse showing at tips of petals and center of flower. Blooms erect on long stems. This flower attracted much attention at the New York show because of its large size and unusual formation.....	3.00
ATLAS, I.D. —Large flower of lavender and mauve on long stiff stems, free bloomer and all blooms extra full50
ABDILLA, F.D. —Large flower of dark maroon on extra stiff stems, facing up. Wonderful keeper and very free bloomer.....	2.00
ASBURY PARK, F.D. —An autumn colored flower that has won many prizes the past three years. Strawberry red, flushed with salmon and tinted with gold at tips of petals. Large flowers on perfect stems often reaching ten inches and over. Very attractive	1.50
ANDREA ERICKSON, I.D. —This is a big white that attracts no end of attention. Ten-inch flower of waxy white on sturdy stems.....	1.50
ALEX CRAIG, Cac. —This is a Canadian beauty of exquisite loveliness, being a combination of pink and cream. The outer petals are pink and the center cream. While it is not a large flower—about 6 to 7 inches—its formation, color and keeping quality makes it very desirable.....	1.50
ALICE STELLICK, I.D. —A bi-color that is always well liked, bright crimson carmine with white stripes in center of each petal. Petals curl in a fascinating manner. Large and free bloomer.....	2.00

BAGDAD, I.D. —An immense flower of flaming scarlet. The large flowers are well above a sturdy bush on long stiff stems. Ideal plant.....	1.00
BROCTON BEAUTY, F.D. —Large flower of pinkish lavender, shading to a creamy white center. Good stems and a good keeper.....	.50
BOUNDBROOK BEAUTY, F. D. —A seedling of I. D. Warner and quite the same formation but of a much deeper pink. Long stems hold the blooms at just the right position. Nice bush.....	.50
CHAMPOEG, F.D. —This dahlia has no competitor in color combination, being a waxy canary yellow at the center shading to a salmon pink, while the backs of the petals are a pale yellow. Large flowers on strong stems and a very sturdy bush makes this an ideal dahlia.....	1.50
CHEHALEM, F.D. —Here is a pleasing combination of creamy pink, shading to cream at center. Good size flowers and long stiff stems.....	.50
CITY OF TRENTON, I.D. —A large exhibition flower of autumn colors, the general appearance being a bright tangerine. Free bloomer.....	.50
CHAUTAUQUA SALUTE, F.D. —One of the most prolific blooming white dahlias in commerce today. White as snow and of good keeping quality. In bloom from early to late.....	1.50
CANARY CUP, F.D. —Here is one of the best canary yellow dahlias one can find. The large blossoms are born nearly on top of long cane-like stems over a sturdy bush, which is always in color. VERY GOOD	1.50
CARDINAL GEM, Cac. —Beautiful medium size cactus of real cardinal red. Nice shape flower and held erect on perfectly stiff stems. A dandy cut flower....	.75
CHARLES TERRY, I.D. —Lemon yellow of a solid color with large full blossoms held on long stiff stems. A nice yellow.....	.50
COCARDE, M.D. —Flaming orange scarlet of a most vivid color. The flowers average three inches and have real long stiff stems. This little miniature is admired at all the Western shows.....	.50
DOROTHY STONE, I.D. —A large brilliant pink with plenty of luster, and the added quality of being a fine keeper. Large blooms and a sturdy bush, blooming freely make this a much wanted variety. Only50
DR. JOHN H. CARMAN, F.D. —Tyrian rose of heavy texture and massive in size. Sturdy bush and good bloomer50
DR. JOHN PALMER, JR., S.C. —Here is an attractive rich deep red of a pleasing formation. Long slim petals add to the beauty of the large blossoms while the stem is all that could be asked. A beauty	2.50
DORIS FELLOWS, F.D. —Large perfectly formed flowers of a pale yellow are held on perfectly stiff stems. Medium size bush.....	1.00
DATSO, F.D. —A nice lavender pink of large size on tall bushes. The petals at the center twist nicely and the stems are real stiff.....	1.00

EMANUEL'S BEAUTY, I.D. —Large, full blooms of a combination of yellow and red that is very pleasing. The large blossoms are carried at right angles on long stiff stems. Very showy in the garden.....	1.00
ELITE GLORY, F.D. —A favorite in a large bright red on stems that have no equal. Dark green foliage adds to its beauty.....	.50
ELITE GEM, I.C. —A true American cactus of exceptionally fine form. The color is spinal pink on primuline yellow, on very long stems.....	.50
EL REY, F.D. —Rich golden salmon of the Jersey Beacon type. Large well keeping flowers on long stems above a sturdy bush make them very attractive50
EDNA FERBER, S.C. —A large exhibition flower of coral pink, shading to old gold at base of petals. Medium tall bush and dark green foliage.....	.75
EAGLE ROCK WONDER, S.C. —One of the outstanding dahlias of recent years. A free bloomer of tremendous size, color is mar-orange shading to buff with tints of coral pink. A robust bush about four feet tall	1.50
EAGLE ROCK FANTASY, I.D. —Here is a real beauty that has size, beauty, and shape. The color is mallow pink with silver shadings. The habits are ideal and the extra large flowers are held on long stiff stems. This variety has won as the largest flower all over the country.....	2.50
EDWARD THOMAS BEDFORD, I.D. —A very striking dahlia of a bright cerise with a silver reverse. The flowers are very large on good stems.....	1.50
EGYPTIAN PRINCESS, F.D. —Here is a beautiful dark lavender with a lighter reverse, of large size and good long stems. You will do well with this and it will be an added attraction to your garden....	2.00
EMILY DUNCAN, Cac. —Here is a cactus of the color of Marion Broomall but of smaller petal formation. The stems are long and hold the large flowers well above a robust bush. Everyone likes this.....	1.50
EDITH TANNER, S.C. —This can almost be called a cactus yet the petals twist and curl a little. A nice size flower of a beautiful combination of vivid rose red and gold. Very startling in the garden and on the show table. A mass of color from early till late	2.50
F. J. MARCH, S.C. —This was the most attractive pure lavender in our garden the past season. The flowers can easily attain the size of 12 inches with some disbudding. The bushes are rank growers and produce their beautiful flowers in abundance. Don't pass this one.....	1.50
FLORA BELLE, F.D. —A seedling of Jersey's Beauty and like its parent has long stiff stems holding the creamy pink blossoms well above the sturdy bush. The blooms are large and keep well when cut.....	3.00
FRAU O. BRACHT, St. Cac. —Clear light primrose yellow of fine formation about eight inches, held on long stiff stems and of wonderful keeping quality. This variety has won many prizes through the country	1.00
GOLDEN GOBLIN, F.D. —A hugh golden ochre with broad thick petals that roll back toward the stem, giving it great depth. The large blossoms are held facing on long stems. This is a real dahlia.....	1.50

GOV. MORGAN F. LARSON, I.D. —A study growing plant of medium height covered with large blooms of a golden yellow with apricot blush.....	\$1.00
GOLDEN ROD, Cac. —Here is a very attractive cactus of about four inches that is always in bloom and on stiff stems. Pure golden yellow.....	.75
GRACE CURLING —Beautiful lavender of pleasing formation with long waving petals. Large flower held on long stems. Nice bush growth.....	1.00
GOODNIGHT, I.D. —A large dahlia with great depth. Large ox-blood blooms with wavy petals held on long stiff stems make it very attractive.....	1.00
HATHOR, F.D. —Large perfect blooms of a combination flame color that keep extra well when cut. The bush is very graceful, stems perfect.....	.50
HARRIET THOMPSON, I.D. —An exhibition dahlia of large size of a rich orange buff and bronze with an oriental red reverse.....	1.00
HARRY MAYER, F.D. —Beautiful silver pink with a rose pink reverse. Stiff stems hold this flower well above a medium size bush.....	.50
HATTIE SHELTON, F.D. —Very striking flower of rodamine purple with centers a little lighter. Large flowers on long stiff stems.....	1.00
IMPERIAL PINK, I.D. —A true pink with primrose shadings and a rose pink center. The blooms are graceful, large size and held on rigid stems which are nice and long. You will like this one in pink....	2.00
INDIANA MOON, I.D. —This is a big one of an odd color called flesh ochre with a faint line of spinal pink. The bush is robust and the stems are long and rigid. This is one of the best new ones.....	4.00
JULLINAR, F.D. —A lovely dahlia of soft pastel shades. Lavender heavily striped and shaded with pink, bearing large flowers on long stiff stems. The bushes are long and sturdy.....	1.00
JERSEY'S GLORY, F.D. —A robust grower producing an abundance of large blooms of a yellowish orange on long stems.....	.75
JANE COWL, I.D. —Here is a general favorite, winning the admiration of everyone by its great size and beauty. A massive deep flower of bronze and old gold on perfect stems.....	.50
JIM MOORE, I.D. —Clear primrose yellow shading to gold with tints of salmon. Long strong stems hold the bloom facing. Very good.....	1.00
JEAN TRIMBEE, S.C. —Beautiful petunia violet of very shaggy formation and long pointed petals. Self color throughout and the stems are long, holding the flowers above a sturdy bush.....	1.50
JEWEL OF INDIA, I.D. —Rich growing garnet with an overcast of maroon, held proudly erect on absolutely stiff and long stems. The blooms are large and of a very pretty formation. A winner.....	3.50
JANET SOUTHWICK, I.D. —Large blooms from 9 to 11 inches of a deep tyrian rose, on stiff stems above a very nice compact bush make this variety a great attraction in any garden. You will like it....	3.50
KING TUT, F.D. —Not new but very popular on account of its rich velvety coloring. The blooms are large and held facing on stiff stems.....	.50

KING MIDAS, F.D. —One of the best pure golden yellows grown and of large size on long stiff stems. Bush is rather low.....	1.00
KENTUCKY COLONEL, F.D. —Creamy white shading to light mallow purple, a pleasing color combination. Good size flowers on long stems of very good keeping qualities.....	1.00
KATHLEEN NORRIS, I.D. —A beautiful rose pink of massive proportions with broad overlapping petals. This dahlia has won more prizes in its class than any other dahlia in commerce today.....	.75
KATHLEEN COLE, F.D. —Medium size flower of extra keeping qualities of a combination most pleasing—pink and cream with a pink center.....	.75
KING OF YELLOWS, I.D. —A 1933 Honor Roll Dahlia that won a Certificate of Merit at Storrs. One of the best golden yellows to date and of a fine formation with a high center and long pointed petals. Nice growing bush and free bloomer. If you like yellow you will like this one.....	7.50
KENTUCKY RED, I.D. —A vivid dazzling scarlet red of beautiful formation on long stiff stems. The blooms are held at a very graceful angle and never burn or fade in the sun. Bush is a robust grower and in all a very DESIRABLE variety.....	2.50
LAVENDER PRINCESS, F.D. —A beautiful clear lavender of large size and depth. Long stiff stems hold this beauty high above a nice light green bush. This is one of the best in this shade.....	2.00
LORELEI, I.D. —Soft rose and pink that blends well and attracts a lot of attention. Good size flowers on perfect stems.....	1.00
MRS. ALFRED B. SEAL, I.D. —Deep old rose of one color and of a large size on long stems. This variety has won many prizes both East and West and is an outstanding gem of the garden.....	1.00
MEADOWBROOK, F.D. —A pale mallow purple of large size with mallow pink edgings on the long slim petals. Tall growing bush with long stiff stems hold the big blooms well up in the air.....	2.00
MRS. JOSEPHINE SVARZ, F.D. —Very striking color combination, scarlet with each petal edged with gold. Very full flowers on long stems.....	.50
MRS. A. E. WHEELER, F.D. —A large flower of deep burgundy on long stiff stems. The bush is medium short but the blooms are well above it.....	.75
MRS. GEO. SHEFFIELD, F.D. —Here is a beauty in a medium size flower of wonderful keeping qualities. The color is mallow pink and white and the stems are extra long. Tall growing bush.....	.50
METTA SCAMMEL, S.C. —A large flower of amaranth pink shading deeper at the outer petals. Very artistic formation to the petals, curling and twisting, giving it a shaggy appearance. Very beautiful75
MISS DELAWARE, F.D. —Here is one of the main attractions of the garden. A long row of this beautiful pink attracted a great deal of attention with us the past season. A full flower of large size and clear rose pink throughout. The stems are perfectly stiff	1.50

MARTHA EPPELE, I.D. —A glowing bronze that fairly glistens in the sunlight. Large size on long stiff stems. Compact growing bush and very free with its blooms	1.00
MONMOUTH CHAMPION, I.D. —A large flaming orange of wonderful keeping qualities, and one of the prize winners for the past three years. The bush is spreading and is always in bloom. A great favorite	1.00
MRS. CHAS. G. REED, F.D. —Large size white with long slim petals. Medium size bushes hold the blooms well above on long stiff stems in a manner most pleasing. This variety has won many prizes in the East.....	4.50
MINNIE EASTMAN, S.C. —A very striking color combination, scarlet red tipped empire yellow. Sturdy growing bushes and the stems are long and straight75
NORTHWESTERN, S.C. —A very attractive flower of deep maroon, each petal tipped white. Early and prolific bloomer on good stems.....	.75
NEW GLORY, S.C. —A striking bicolor of light ox blood red with all the petals blazed with white. Free bloomer and the stems are very stiff. A large basket attracted much attention at the Western Washington Fair75
NANON LOUISE, Cac. —This fine cactus has caused more comment than any other cactus in our garden the past season. It is a large amaranth pink made up of many small tubular petals that are spread out instead of incurving, making it a flower of large proportions. The stems are all that can be asked for. Very free with its large flowers.....	2.50
NOPAL, S.C. —A real nopal red shading a little lighter at the tips held perfectly on long cane-like stems. Good size bloom and lasting.....	.50
ORCHID DREAM, F.D. —Here is a real dream of beauty, a true Orchid of loose wavy petals held on long stiff stems. The bush is rather tall and always covered with color. A good stock permits this price	1.50
ORIENTAL BEAUTY, Cac. —For sheer beauty and perfection of form this is a winner. Brilliant rose pink on long stems. Enjoyed by all. Only.....	1.00
ORINDA, F.D. —An immense flower of perfect form, bright rich mauve pink with a darker center. Long stems and tall bush. Very attractive.....	1.00
PATRICIA ANN, F.D. —A striking color of picric yellow, suffused pink of fine form and size. The tall bush produces very freely and the stems are long and stiff.....	3.00
PRINCE OF PERSIA, I.D. —A very striking exhibition dahlia of rich glowing crimson. The petals are long and pointed, giving the flower great depth. Blooms will average ten inches with ordinary culture and will continue from early till late on long stiff stems	2.00
PALMDALE, I.D. —A true purple of one color, good size flowers held well on good long stems. The bush has good habits of growth, producing many laterals with large quantities of bloom.....	.50

ROBT. E. LEE, S.C. —The color of this dahlia is a bright cardinal red reverse of petals lighter that will not burn in the sun. A free and prolific bloomer on good long stems.....	1.00
ROYAL VELVET, S.C. —Here is a dahlia that will add color and distinction to any collection. The color is a rich velvety crimson, and the stems hold the large flowers nearly upright.....	1.00
SALEM PRIDE, F.D. —A very spectacular dahlia of reddish violet, streaked and lightly tipped white. Blooms will average ten inches and four deep on long stems. The bush is spreading and always in color	1.25
SANHICAN'S PRINCE, F.D. —A hugh deep dark purple that sometimes comes on top of stems but mostly at a nice angle. The bush is branching and blooms very freely holding the large blossoms on long stems	1.00
SALMON SUPREME, F.D. —A glistening salmon orange with shades of pink make this a very desirable variety. The blooms are about seven inches and are held on very long stems. Keeps well when cut	1.00
SERTZLIGHT, F.D. —A very pretty and attractive dahlia, being scarlet lake with reverse of petals amber yellow. Tall bush and the stems are perfect. You will like the flash of this one.....	1.00
SHAHRAZAD, I.D. —This dahlia is known as the pink Jane Cowl and in size and formation is very similar, but of a deep pink color. The stems are long and hold the heavy flowers well at an angle that attracts very favorable comment. This is a real dahlia	2.00
SAGAMORE PRINCE, F.D. —Here is a very striking color combination, a bright carmine blended with rose red with the back of petals a cream color. The flowers will average nine inches and held nearly on top of extra stiff stems. This variety received a certificate of merit at Storrs in 1929....	2.50
THOMAS A. EDISON, F.D. —A gorgeous royal purple with a sheen of velvet. The flowers are of staghorn formation and blooms from early till late. Bush is rather low but is always in flower on long stems	1.00
TREASURE ISLAND, F.D. —A bright combination of autumn shades, being apricot and gold. The flowers will average nine inches on the best of stems. This one will add to your garden beauty....	.75
THE COMMODORE, I.D. —A monster yellow averaging 12 inches on long stiff stems. The bushes are medium short but the flowers are so large they nearly hide the bush. This dahlia has won many prizes as the largest in the show and should win for you if size is what you want. The large blooms have a perfectly tight center at all times. A winner	1.50
THE WORLD, F.D. —Here is a beautiful combination of colors, being a deep rosy magenta, overlaid garnet with silver shadings on edge of petals. Large deep flowers on long rigid stems. A beautiful flower75
THE LEMONADE, I.D. —Clear light lemon of good size and substance, held well above a branching bush. Very free bloomer.....	.50

UARDA, S.C. —Here is a rich appealing flower of an odd combination of colors, begonia rose with an overcast of purple. Nice size flowers held facing on good stems. We all like it and so will you.....	1.00
VIRGINIA RAE, I.D. —An orange buff tinted light lavender of graceful formation and large size. Bush is tall and the flowers on long stems.....	.75
W. D. CARTRIGHT, I.D. —Here is a wonderful flower of English origin and somewhat the formation of Jane Cowl and of a bronzy buff of large size and very shaggy. The bush is tall and the stems hold the flowers well up above the bush.....	1.25
WATCHUNG PRINCE, I.D. —Here is a very attractive dahlia of large dimensions and very free flowering habit. The color is a golden yellow and the bush nice and compact.....	1.00
WONDER PINK, I.D. —A beautiful lavender pink shading lighter at the center with nicely twisted petals which give it a very deep appearance. The bushes are literally covered with color throughout the season	1.00
WM. H. SHOREY, F.D. —A large heavy compact flower of rhodamine purple shading to mauve with veins of silver through the petals. Bushes grow tall and should be pinched back when small. Always full at the center.....	2.00
YANKEE KING —A nice flower of carnelian red with slight mallow purple on the reverse. Blooms will average eight inches on the best of stems and they are fine as cut flowers.....	.50
YANKEE QUEEN, F.D. —Another by the same originator as Yankee King and of a nice light pink on good stems. Stocky growing bush and a free bloomer.....	.50
YELLOW CHIEF, I.D. —Clear yellow of large size, tall bush and a mass of color all season. This will be good for your yellow border.....	.50
YELLOW PRINCESS, I.D. —A companion flower to the above but of a more golden color. Same bush growth throughout50
YOSEMITE, S.C. —Tall bushes holding beautiful amaranth pink blooms of good size on long stems. Very artistic long pointed petals add to its beauty	1.00

Pom Pons and Miniatures

AMBER QUEEN —A general favorite of amber and bronze, long stems.....	\$0.25
AIMEE —A very small bronze on long stems.....	.25
ALICE ROCKWOOD —A new variety of a pleasing old rose. Long stems and a wonderful cut flower variety25
ANNA VON SCHWERIN —Delicate light pink blending to a nearly white center, small size and perfect formation. Many time prize winner.....	.35
BANTAM —One of the smallest of a deep reddish bronze on long slender stems. A basket of these will be a winner.....	.35
BABY EVELYN —A nice deep rose on long stems, very free bloomer.....	.25
BLUSH GEM —Pale pink edged with cerise. Small and good25
DEW DROP —Small white tipped lavender on long stiff stems25
DUNDEE (Min. Dec.)—Here is a dandy little informal dec. of 3 inches on long slender stems, perfectly stiff. Golden bronze.....	.35
DONALD GORDON — Small orange red on long stems. Very good.....	.25
ELIZABETH PAPE (Min. Cactus)—This little cactus has perhaps won more prizes in the baby class than any other. A light pinkish cream on good stems freely produced. Medium size bush.....	.50
FAIRY QUEEN —Light yellow overcast amber on long stiff stems above a tall bush. Flowers a little large but very good.....	.25
FLAME —A medium light flame color of nice size and held on long stiff stems. Very free bloomer....	.25
FUGI SAN (Min. Single)—One of the best of the English singles, a light tan with a darker eye. Very dainty50
GLOW —A nice coral pink of fine formation on long stems. Very good.....	.25
GRANITE FALLS (Collarett)—One of the very best of this family, a pretty light yellow with a red collar. Tall bushes and covered at all times with blooms. You will like this.....	.50
HONEY —A new pom of a pleasing formation. Small and compact, light yellow with a faint reddish overcast. Tall bushes, free bloomer.....	.35
HELEN LAMBERT —Bright yellow with extra stiff stems on a tall bush.....	.25
HAZEL DELL — A dainty clear pink with cerise edge. Excellent cut variety on long stems.....	.25
JIGGS —Light yellow on long stems. Profuse bloomer25
JUDY —Small orange ochre, shading to a darker center. Good stems.....	.25
JESSICA —A nice free blooming light bronze, red tips25

LASSIE —Dark cerise with lighter tips. Good formation and one of the best bloomers on long stems25
LITTLE JEWEL (Min. Dec.)—Light pink on long stems. One of the best of the miniature decoratives25
LITTLE OTHELLO (English Single)—Dark maroon with some of the petals tipped white. Very tall bush and covered with blooms.....	.25
LITTLE BEESWING —A very dainty reddish yellow of a nice compact formation on medium size bushes25
LILLIAS —A pinkish mauve of small size on tall bushes. Very nice.....	.25
LITTLE SAGAMORE —Bright red, very small with a green eye. Different.....	.25
LITTLE LOUIE (Min. Cactus)—Light pinkish lavender, freely produced on tall bushes. A very good miniature50
